

Environmental Policy

SFL Flues & Chimneys is a privately owned company, who have been operating in the UK under various guises since 1969. We are based in Barnstaple in North Devon and currently employ a workforce of around 90 people. All design; manufacture and distribution are controlled from the UK to warehouse and stockists based in both the UK and on mainland Europe.

SFL recognises that its activities have an impact on the environment. In all our activities, working practices and business relationships, we are committed to protecting, conserving and enhancing all aspects of the environment over which we have control or can influence.

SFL shall ensure compliance with all relevant environmental legislation and regulations and take action to continually improve our environmental performance and prevent pollution across all our activities, products and services.

In particular we shall:

- Take environmental considerations into account when selecting our suppliers and contractors.
- Use resources wisely by reducing resource use and reusing or recycling materials wherever possible.
- Improve the efficiency of energy use in our buildings and processes
- Minimise water use in our buildings and processes
- Prevent or minimise the risk of pollution arising from our operations

SFL will ensure this policy is implemented throughout our operations by:

- Ensuring all our employees understand the environmental impacts of their own jobs.
- Informing all suppliers, contractors and sub-contractors of the requirement to comply with this policy when providing goods and services.
- Periodically reviewing the environmental issues at the highest level within the organisation.
- Reviewing this policy and its effectiveness on an annual basis.

This Policy is available to the public. For further information please contact us:
